INDICTMENTS SOUGHT IN OIL SCANDAL

Lone Bandit Again Appears; Obtains \$35

MAN IS HELD UP IN REAR OF HIS HOME

Revolver is Used by Colored Thug in Nighttime Attack

"STICK 'EM UP," IS COMMAND

Robber Escapes Thru Alleys Before Police Can Apprehend Him

Lima's lone colored bandit made his appearance again Monday night and robbed Carl H. Kominski, No. 9 Jean-st., of \$35 in cash and a bank book.

Kominski had just put his automobile in the garage and was leaving for the house when the masked man poked a .38 calibre revolver at him and ordered him to throw up his hands.

"Stick them up and be careful or I'll put a bullet thru you," said the thief in a low voice as Kominski felt surprised at the sudden attack.

At about 11 p. m. and there was no one around, so there was nothing for Kominski to do but to submit to the robbery. He was compelled to turn with his back to the thief while the latter searched his pockets.

After taking the money and the watch, the thief ordered him to get into the garage until he was called. He would "drill" him. He turned and ran down the alley. Police were notified at once but the robber had disappeared.

On other occasions a search of the neighborhood revealed nothing. The lone bandit had made good his escape.

Description of the thug as given by Kominski tallies with that given by other victims. He is about five feet six inches tall, weighs 160 pounds and is fairly light in color. He wears a light gray overcoat. A white handkerchief was tied around his waist.

HOUSES WRECKED BY QUAKE

Japanese Islands Visited by Another Disaster

TOKYO, Japan.—(United Press)—A powerful earthquake disaster has visited the Japanese islands.

This time it was a small Japanese island on Saghalien Island, near the center of the quake. Reports reaching here said the shock occurred Saturday.

The island was shaken down and many casualties, the reports said.

Reports also opened in the city of the quake. Immediately after the quake the Naylor river was rising rapidly.

The houses of the quake were shaken down. Instruments showed the quake with vertical and horizontal movements. The seismic center is believed to be in the bottom of the Kurile islands.

PAIR FOUND DEAD

Murder and Suicide Suspected in Middletown Tragedy

MIDDLETOWN.—(Associated Press)—John S. Burk, 45, and his wife, Mrs. Burk, 44, were found dead in their home on Garfield-st. this morning. Police after a hasty investigation gave a version of murder and suicide. They believe the husband shot his wife and then himself.

Two children, Olive, 20, and Raymond, 8, were in the house at the time.

MELLON, WEEKS ARE CALLED IN DAUGHERTY CASE

15 More Witnesses Summoned In Probe of Attorney General—William A. Orr Is Questioned as to Fight Film Deals

WASHINGTON.—(Associated Press)—William A. Orr, former secretary to Ex-Governor Whitman, one of the parties to the fight film deal, was the first witness today in the Daugherty investigation.

Orr said he was sore because G. O. Holdridge, a former department of justice agent, yesterday's witness, had classified everybody connected with the film "deal" as a "crook". He denied that he (Orr) represented the late Jesse W. Smith in the "deal" and denied that Smith had interest in the picture.

Orr testified he owned 20 per cent of the picture contract in return for his "services". Tex Rickard asked for his help in getting the films shown, as Rickard knew of Orr's previous attempts to get films past the New York state censors and also of his political connections. His part was to help overcome difficulties of censorship and also in publicity.

It was announced during Orr's testimony that the committee had issued subpoenas for fifteen witnesses today, including Secretaries Mellon and Weeks.

Others for whom subpoenas were issued were Internal Revenue Commissioner Blair, Prohibition Commissioner Haynes and H. H. Votaw, superintendent of prisons and a relative of the late President Harding.

Orr told of knowing Daugherty, Urion and others named in the film case. He had been associated with Mr. Daugherty and Jess Smith during the Harding campaign in Ohio. He frequently visited Mr. Daugherty here, he said, and had met Howard Mannington at the "little green house on K street". He had never met President Harding and had not attended the exhibition of the fight picture here in Washington as testified by Means.

REPUTATES STATEMENT Orr said he had never met Daugherty in the "little green house on K-st.", repudiating a statement that he had met him there.

Orr said he had been paid "in the neighborhood of \$4,500" in the film deal, but denied having talked with Jesse Smith "about films or about money."

"Did you talk over the possibility that the pictures would be confiscated?" asked Senator Jones.

"Something was said to the effect the confiscation wouldn't be possible." "Von and Muma and Ika Martin were together?" Chairman Brookhart put in.

"No—that's one of the things you listened to that isn't true," Orr replied. "Martin was a real person, too."

Holdridge had testified that "Martin was a dummy, really Muma himself."

"Did you ever meet Daugherty at the little green house on K-st?" "Yes."

"And you met President Harding there?" "I never did in my life."

"But you did meet Daugherty and Mannington there?" "I never did meet Daugherty there."

The discrepancy was seized instantly.

"Which time did you tell the truth?" demanded Senator Ashurst.

Orr, to correct the record, said he had never met Daugherty at the K-st. house, but had seen Daugherty and Smith together on occasions.

His contract with Quimby, Orr said, was made after he had arranged with the New York film commission that the pictures would not be interfered with if shown prior to August 1, 1921, when the censorship law became effective.

Orr said he had worked to secure Colonel William Hayward's appointment as United States district attorney at New York.

NEW YORK MEETINGS Senator Wheeler took Orr again to his account of his New York meetings with Smith and Daugherty.

"You met Smith before the Dempsey-Carpenter fight?" "I can't be sure."

"Who introduced you to Mannington?" "I presume it was Mr. Daugherty."

Do you want a list of everybody who happened to see at Mr. Daugherty's house?" Orr broke out.

"Yes."

"There was Will Hays, and Carmi Thompson and Colonel Hayward—that's the U. S. attorney at New York."

"I recommended him."

"You went out and got recommendations from a lot of people and came down and saw Attorney General."

JUDGE FLAYS METHODS OF DRY AGENTS

Stop Abuses, Killits Demands of Donahey and Crabbe

IRREGULARITIES CHARGED

Enforcement Practices Given Scathing Arraignment

COLUMBUS.—(Associated Press)—Enforcement of the state prohibition laws in Lucas-co., particularly before justices of the peace, was severely condemned by Federal Judge John M. Killits of Toledo, in a letter to Attorney General Crabbe Tuesday, a copy of which was sent to Governor Donahey with request that the governor use his influence and power to secure "redress for the wrongs to which a very large number of people of the county have been subjected."

The letter of Judge Killits, a thirteen page affair, is probably the severest criticism of prohibition enforcement that has ever been made by a public officer in the state. It charges innumerable irregularities in enforcement of prohibition statutes by justices of the peace, among which are padding cost and expense bills, and issuing blank search warrants.

Attorney General Crabbe, who confined to his home by illness, had the letter sent to him. He said that he agrees in substance with the statements made by Judge Killits and that for some time he has believed that there have been numerous irregularities in the enforcement of the prohibition laws. He said that after giving the letter further study, he probably would make a statement to the public.

GOVERNOR MAY ACT Governor Donahey, after reading the letter, said that he was considering the advisability of sending a representative of his office to Lucas-co. to investigate conditions there.

Beginning his letter to Attorney General Crabbe, Judge Killits congratulates him upon the "reasonable interpretation" of the prohibition enforcement law, presumably referring to the attorney general's opinion knocking out the "card" deputies of the state prohibition department.

"While this action seems to diminish the evils which the public is beginning to appreciate and resent," Judge Killits said, "it does not go far enough."

"Practices in the nature of basic outrages upon law and decency will undoubtedly continue unless the attention of the prosecuting and punitive agencies of the state is seriously given them."

"So far as Lucas-co. is concerned, the state enforcement of the liquor laws is too largely a money grabbing effort by men whose motives are altogether sordid and whose processes are brutal and destructive and utterly regardless of the fundamental rights of the people they attack."

ADMITS MURDERS

Paroled Convict Confesses He Slew Two Women, Man

BATAVIA, N. Y.—(Associated Press)—John Vatoski, a paroled convict, has confessed that he murdered Mrs. and Mrs. Thomas Whalley and Mrs. George Morse at Linden last week, the police here said Tuesday.

Mr. and Mrs. Whalley were shot in their home and Mrs. Morse, a grocer's wife, who was calling on the Whalleys, was beaten to death with an ax handle. The bodies were covered with oil-soaked rags and set on fire.

BOY, 16, IS ARRESTED ON CHARGE OF MURDER

CLEVELAND.—Henry Stempkowski, 16, was arrested for murder today in connection with the death of Edmund Bonowski, whom the boy is alleged to have stabbed in a street brawl more than five months ago.

The stabbing occurred November 10, during a street fight when Bonowski, escorting a girl home, became incensed at language some of the boys were using and knocked one of them down. In the melee that ensued Bonowski was stabbed several times in the abdomen.

HOME OF "OLD DAN" AND HIS PETS

"OLD DAN" GOES TO HIS REST

Grave writes "Finis" to Story of Tragedy Victim

OTTAWA.—They have buried "Old Dan" and paid their last tribute to one whose life had been associated with so much of the mysterious.

Under leaden skies and amid a light snowfall, the body of Daniel Shaefer was laid to rest at 2 p. m. Tuesday in Monroe cemetery near Continental.

As the little, silent coterie saw mother earth take his charge, the shack that had been the old man's home and the grounds surrounding it became strangely silent. The hunt for clues to solve the mystery of his unusual career subsided while the final tokens were given to his memory.

Howls and wails from a pack of forlorn dogs who scurried and turned tail hither and thither, whimpering for the master who had given his life for one of their number—little else greeted treasure hunters and curio seekers, who Sunday and Monday, scoured the premises of "Old Dan" Shaefer.

While preparations were going on for burial of the aged recluse who lost his life Saturday in saving one of his pet dogs from death in front of a railroad train, scores of persons participated in official and unofficial hunts about "Old Dan's" tumbling shack and its surrounding premises.

SKINN STILL SNARLED In the one-room home of man, beast and fowl was conducted the most careful search, but all in vain. Drawers of musty bureaus were dumped, boxes that lay all about in a confusion of tonystrydom were emptied, debris was scattered here and there, but none disclosed the will of which Shaefer had spoken.

Nor were any other documents found that might unravel the tangled skein of mystery that has been woven about the supposed murder.

While one party was exploring the dingy shack others with spades dug up the ground and scoured the premises for hidden wealth. All in vain. Grant Shaefer, son of the dead man, believes all the money he had was what he kept sewed in his coat which he wore almost continuously. When Coroner A. F. Sheehy examined the tattered garment after the tragedy, he found \$248 in currency sewed into the lining.

TIN CAN MYSTERY But those who most closely had observed the habits of the aged hermit are not convinced. They recall that he was an habitual explorer of the dumping ground nearby, that among the things he salvaged from time to time were many tin cans.

Somewhere some of these tin cans lie buried and containing money, so believe these observers of the eccentric old man.

Moreover, it is pointed out, "Old Dan" was not known to work anywhere for wages. Nor was he ever known to use a bank. Yet he always kept a large pack of dogs and always bought the choicest of meat and other provisions for them. So the searchers, prompted by this knowledge and inspiration born of the mystery that pervades the whole place, again renewed their labors Tuesday.

Shaefer's dumb friends with whom and for whom he had lived for years gradually are beginning to recover their apparent sense of loss and to acustom themselves to the presence of persons other than their strange and devoted master—all save the unwitting cause of the tragedy.

NO RECONCILING There seems to be no such thing as reconciling the dog whose life "Old Dan" saved at cost of his own. Back and forth, around and around the unkempt shack where he and his master lived, the forlorn animal

GRAND JURY IS TO ACT IN TEAPOT CASE

Three Persons May Face Criminal Conspiracy Charges

STOCK DEALS ARE REVEALED

Daugherty, Sloop and Senators Linked With Transactions

WASHINGTON.—(United Press)—A federal grand jury will be impaneled here within two weeks to consider evidence of criminal conspiracy in the oil scandal, it was learned today.

Indictments are to be sought against three persons as the principals and several others may be involved as alleged accomplices.

Grand jury action is to begin shortly after the return from the west of Atlee Pomerene and Owen J. Roberts, presidential counsel who have now put under way suits for cancellation of the Teapot Dome and California naval reserve leases to Harry Sinclair and E. L. Doheny.

CHARGES SET FORTH Charges of conspiracy to defraud the government and of bribery, set forth in the petitions for cancellation, will form the foundation of the government's criminal proceedings.

Rushing of the criminal charges need not necessarily await the results of the civil suits, it was pointed out here today, as the questions involved in the criminal cases will not be affected by the courts' decision as to the validity or illegality of the leases themselves.

Eminent counsel today said that even if the leases were held within the law, criminal prosecutions could proceed if it could be shown that a conspiracy was entered into to violate laws in order to get the lease or if bribery was resorted to.

DEALS IN STOCKS WASHINGTON.—(Associated Press)—Attorney General Daugherty, Senators Curtis of Kansas and Eddins of West Virginia and C. Bascom Sloop, now secretary to President Coolidge were among the public officials who had transactions in Sinclair or Doheny oil stocks around the time of the leases of the naval oil reserves.

Sloop at the time was a member of the house. Other representatives dealing in the stocks included A. B. Rouse, Kentucky, Wells Goodkykoot, of West Virginia, J. H. Himes of Ohio, and Thomas J. Ryan of New York.

The names were disclosed before the senate oil committee today when it called to the stand Louis F. Bond, a federal trade commission accountant and who has examined the books of a number of brokerage houses.

Attorney General Daugherty bought 100 shares of Pan-American (the Doheny company) that leased the California reserve) and sold at a profit of \$14,500, the accountant said. Mr. Daugherty himself has disclosed previously that he had some dealings in Sinclair stock both before and after he entered the cabinet.

The attorney general's account with W. B. Hibbs and Co. of Washington was opened in November, 1921, Bond said, in his own name and subsequently changed to the name of W. W. Spaid, a member of Hibbs and Company.

Pace McKinney, of Cleveland, testified before the oil committee that Albert B. Fall had written him late in 1921 asking him to agree to buy for him loaned Fall \$100,000.

McKinney said he declined to do so, because he had not made any loan to the former interior secretary.

McKinney said he had known Fall many years and had had some business dealings with him. He added that he was not interested in oil lands.

The witness was on the stand less than 15 minutes. He was followed by Henry Woodhouse, of New York, who was questioned about his published charges that the Doheny interests had agreed to sell much of the California naval oil reserve output to British interests.

Launching into a long recital, the witness said Doheny had organized in 1919 in company with British oil and steamship interests the British Mexican Petroleum Company which under a contract was to have first call on the Mexican oil output both in the United States and Mexico.

Woodhouse was on the stand half an hour and at the conclusion of his statement the committee adjourned until tomorrow.

HIRED MEXICAN TO KILL WIFE

Confession in Murder Case Made by Colorado Man

DENVER, Colo.—(United Press)—Fred Johnson, whose wife's body was taken from a trunk at Ogden, Utah, today told his story that he hired a Mexican to murder the woman. Police officials, believing the man killed Mrs. Janssen himself, continued questioning the prisoner with the hope of forcing a further confession.

Janssen was arrested in Pueblo, Monday. He had \$1,500 in cash with him.

He told a story of his wife having threatened to kill him two years ago and of living in constant fear since. "I had to do it or she would have killed me," he said in explaining why he hired the assassin.

Janssen said he paid the Mexican \$100 for committing the murder. He also told another story in which he said that jealousy led to the killing.

She had been receiving letters and candy for a man named Tom in Pittsburgh," Janssen said.

He later changed his story, however.

Janssen gave a vivid description of the killing. He said while his wife was dressed in her kimono and was saving her prayers preparing for bed, Thursday night, the Mexican attacked her. The confession said the hired killer beat the woman to death, while Janssen waited in the next room.

RECEIVER NAMED IN OIL CASE

Doheny Not Present as Court Acts in Lease Dispute

LOS ANGELES.—(Associated Press)—Atlee Pomerene and Owen J. Roberts, his associate counsel, planned to leave for Washington after having launched in federal court here Monday the government's suit against the interests of E. L. Doheny for cancellation of naval reserve oil land leases in the Elk Hills district.

Meanwhile Doheny who was not in court when Judge Paul J. McCormick appointed receivers to preserve the status quo in the disputed oil territory pending outcome of the suit, prepared to testify before the county grand jury in another disputed lease case.

MEDAL RECEIVED Inspector George A. Strick of the local police department is now a member of the Belgian Legion of Honor. He is in receipt of the Croix de Guerre cross and a signed certificate of King Albert of Belgium making him a member of the Legion of Honor, Tuesday morning.

"OLD DAN" GOES TO HIS REST MELLON CALLED AS WITNESS

(Continued From Page One)

paces and whimpers and howls incessantly.

And there is one other, one of Old Dan's feathered friends who seems to sense an irreparable loss, the trained rooster who, it was often said, seemed to have an almost human understanding with the old man of the one-room shack-kennel-roost. He is an unusually intelligent bird to whom Old Dan had devoted much time and upon whom he had lavished much of his quivering devotion.

Now that the master of the roost is gone the rooster droops about, seemingly abject and uneasy, devoid of the conceit and energy that had made him one of the lords of the queer domain. His quivering, peculiar noises and postures made in response to chatter from the old man find no inspiration in the excitement of the last few days. He is just an ordinary, despondent rooster who joins in the grief of his companions.

STRANGE BODY GUARD

"Old Dan" is believed, was on his way to a local mill to get provisions for his poultry flock when he met his death. As usual he was accompanied by five of his pack of dogs. It is recalled that always these five or six others accompanied him on these infrequent trips to town.

Always were the same habits and customs observed. "Old Dan" would go to the feed store accompanied by the bodyguard of five. Two would accompany him inside the store even fighting to get in should they find their way barred.

The other three remained on the outside as sentinels. Nothing could induce them to go inside or to leave their point of vigil for a minute. Never was this procedure varied in particular.

HAD FOUR WIVES

Grant Shaeffer, the son who had charge of plans for the funeral, is planning on asking the court to name him as administrator of his father's estate. There is also a sister, Mrs. William Zeigler, of Poley, Ala., to share in the estate, while Shaeffer, as he mentioned in yesterday's interview with The News representative, thinks two divorced wives are living. His first two wives, including Grant's mother, are dead. Whether anything other than the now visible property is discovered, it is probable considerable will be realized from a sale of effects, as numerous requests for some of the dogs already have been received. However, nothing will be disturbed on the place until sanction is received from Probate Judge H. M. Summers.

SAYS FIRST MASS

Lima Young Man Honored at St. Rose; Many Attend

Rev. J. Raymond F. Garman, Lima priest, ordered at St. Mary's seminary, Norwood, Ohio, on Saturday, March 17, said his first mass Sunday morning at St. Rose church, McKibben and West-sts.

Thursday he will return to the seminary to resume his studies until next June, at which time he will be assigned to a church.

At Rev. Garman's first mass, Rt. Rev. Monsignor A. J. Manning was arch-priest, Rev. Robert O'Connor, Massillon, was deacon and Rev. Frederick Bittman, St. Rose church, was sub-deacon. Rev. William A. Tobin, Toledo, preached the sermon.

Nine students from St. Mary's seminary, classmates of Father Garman, assisted at the mass. They were: Rev. Fisher, Columbus; Rev. Askins, Toledo; Rev. Schneider, Defiance; Rev. Collins, Lima; Rev. Wayne, Miller, Lima; Rev. Ft. Doyle and L. McLaughlin, Washington, D. C. The students returned to the seminary Monday.

Out of town guests here for the mass were: Mr. and Mrs. Burns, Summit, Mich.; Mr. and Mrs. Owens, Bellefontaine; Misses Margaret and Alice Peppard, Caidington; Mr. and Mrs. M. F. Fitzgerald, Findlay and T. J. Garman, Casper, Wyoming, brother of the priest.

MRS. EVA GRAHAM, 55, ILL FOR YEAR, IS DEAD

Mrs. Eva Graham, 55, wife of Charles C. Graham, treasurer of the Central Building & Loan Association, died Tuesday noon at her home, 320 Elmwood-pl. She had been ill for more than a year, suffering from a cancer.

Mrs. Graham was born in South Warsaw, November 20, 1868, and was the daughter of Mr. and Mrs. Edward Wonnell. She is survived by her husband, one daughter, Helen Estelle, at home, and a son, Russell T., of Leland-av.; also three sisters, Mrs. Rev. A. A. Thomas, Mrs. J. F. Kerr and Nellie Wonnell, all of this city, and a brother, A. M. Wonnell, residing in Cincinnati.

Funeral arrangements have not been completed.

SIMMONS FINED

Lester Simmons, 32, colored, 1125 W. Spring-st., was fined \$10 in criminal court by Judge Neil R. Poling when he pleaded guilty to a charge of disturbing the peace.

DAUGHERTY HITS BACK

Attorney General Daugherty meanwhile hid in the hands of Chairman Brookhart a letter stating that he was prepared to present testimony that Roxie Stinson, in association with A. L. Fink of Buffalo, N. Y., had offered "to sell" evidence against him and "her silence" for \$150,000 and later for \$250,000 to his brother, M. S. Daugherty, and friends, and that the proposal had been rejected. Miss Stinson, divorced wife of Daugherty's friend the late Jesse Smith, launched the inquiry last Wednesday with a sensational story that included reference to a film "deal" from which she and Smith had told her "we" meaning Daugherty and himself, hoped to obtain \$180,000. She is to be examined further by the committee, having failed to complete her testimony in two days on the stand.

The attorney general's letter cited the request of his counsel, for subpoenas for James W. Holcomb, Samuel Ungeleider and Henry T. Ellis of Cleveland, and M. S. Daugherty of Washington, Court House, Ohio, his brother, and the committee's subsequent notification that a statement of what we expected to prove by our witnesses' must accompany such requests.

Or, when Senator Wheeler, Democrat, Montana, prosecutor of the inquiry, selected last yesterday to be today's first witness, has been identified to the committee as a party to the alleged agreement to distribution of the tight film in violation of the law, in which Jap Muma, New York correspondent of Edward B. McLean's Cincinnati Enquirer was said yesterday by G. O. Holdridge, former department of justice agent, to have described himself as the "master mind."

PLOT SHOWN, SAYS WHEELER. Senator Wheeler, during one of yesterday's clashes across the witness table, asserted "there is enough evidence to convince any jury on the world or anybody else in the world" that "there has been a conspiracy by the attorney general and Mr. Orion and Mr. Quimby and Jap Muma and Will Orr and these other men that have been mentioned to show these pictures over the United States in absolute violation of the law."

Statements before the committee to the effect that Muma had told of having discussed the film exhibition matter with high officials after a private exhibition in the McLean home here brought denials from Secretary Hughes and Postmaster General New last night. Mr. New added that neither President Harding nor Mr. Daugherty was present at the exhibition and that he did not recall seeing Muma there.

OIL PROBE RESUMED. The oil committee resumed its inquiry today after a four day recess with a variety of testimony at its call.

Senator Walsh, Democrat, Montana, leader in the investigation, who has been recuperating from a touch of bronchial trouble which developed from his persistent cold, was intent today upon clearing up several relatively minor phases of the inquiry to make way for examination of a number of witnesses in connection with reports of "oil deals" during the 1920 Republican national convention.

ACID IN STOMACH SOURS THE FOOD

Says Excess of Hydrochloric Acid is Cause of Indigestion

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals soon like garbage in a can, forming acid fluids and gases, which irritate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast, while it is effective, and furthermore, to continue this for one week. While relief often follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys, and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of stomach sufferers with excellent results.

24 NEW STREETS AUTHORIZED

Legislation is Hurried Thru Use of Emergency Clause

EARLY START IS PROPOSED

Grading and Sewering Also Ordered by City Commission

Twenty-four streets included in the 1924 improvement program were legislated thru Monday night by commissioners under emergency clause to insure early award of contracts and start of work.

Sewers have not been placed on two of the streets included in the improvement program. These streets will not be advertised with the other twenty-two, but legislation was enacted to have all details completed when paving work is to start.

Streets to be paved are: N. Cole-st from Richie to Hazel-av; Metcalf-st from Murphy-st to O'Connor-av; McBurney-st, Ashton-av to O'Connor-av; Liberty-st, Woodlawn-av to corporation line; Madison-av, Franklin-av to Kibbey-st; Runyan-av, Metcalf-st to McDonnell-st; Lakewood-av, Glenwood-st to Nixon-st.

Thirtieth St. to Hughes-av; Reservoir, Third-st. to south end of street; Grand-av, Lot 11569 to Jameson-av; Catalpa-st, Sugar-st to St. John-st; Leland-av, Cole-st to Kenilworth-st; Leland-av, Pine-st to Woodlawn-st; Nixon-st to Glenwood-st; Huxley-st, Baxter-st to Victory-av; Madison-av, Baxter-st to Lot 13696; O'Connor-av, Metcalf-st to West-st; Runyan-av, Cole-st to Kenilworth-av; West-st, Glenwood-av to Nixon-av; Central-st, Main-st to Central-av; Central-st, Hamilton-av to Lot 13420.

Grading was authorized on Central-av from Kent-st to Northern-av, and on Union-st from Kildare-av to Northern-av.

Resolutions authorizing pavement of three streets was passed under suspension of rules and one sewer was authorized. N. Central-av from Edwards-st to O'Connor-av; N. Union-st, Edwards-st to O'Connor-av and Holmes-st from Sugar-st to Carlisle-av were ordered paved. Ordinances are to be presented next Monday night.

A sewer was authorized for Fifth-st from Main-st to Norval-av. Commission refused a petition for a sewer on Robert-av from Bellefontaine-av to Park-st on grounds that half of the street is out of the corporation. If property owners on the east side of the street, which is outside of the city, pay in advance for the work, commissioners indicated they might authorize the sewer.

With a section of the streets proposed for improvements out of the city, commission has no jurisdiction to levy special assessments to pay for the work, Solicitor Paul Landis stated.

CLEMENCY GIVEN RUSSELL FORD

Penalty is Suspended; Two Others Sentenced by Court

Ford was served in common pleas court Monday when Russell Ford, 18, pleaded guilty to stealing who consumed later at a big party on the south side. A recommendation from the grand jury to the court gave clemency on account of the boy's youth.

Judge Becker sentenced the boy to one year in Mansfield reformatory and suspended the sentence on promise of good behavior.

Harry Bradford, alias Harry Owens, 21, clerk at a drug store in Mansfield on his plea of guilty. His girl-wife is in the house of refuge in Columbus with a young baby.

Frank Sinks, who came to grief when he pilfered the poultry house of Ward Taylor, city detective, was sentenced to serve 30 days in Alameda jail.

"Lady Luck sure stayed with me," he told Sheriff Crosson as he was led from court.

SECOND LEG OF AIR TRIP BEGUN

SACRAMENTO, Calif. — (Associated Press) — Starting the second leg of their 30,000 mile flight around the world, three airplanes of the United States army service took off from Father Field, near here, for Singapore, at 3:48 a. m.

They expect to reach Eugene about 3 p. m.

Major Frederick L. Martin, flight commander, hopped off first, followed by Lieutenants Lowell H. Smith and Leigh Wade. Weather conditions were ideal.

The fliers will remain in Eugene over night and will jump to San Diego tonight, omitting a previously scheduled stop at Vancouver barracks, Washington.

CARPENTERS AND LUMBER MEN ARE AIDING FARMERS

Half the carpenters and lumber dealers of Williams-co recently went thru a snowstorm to the county seat and met extension professors of the Ohio State university for a one-day school on farm buildings. The university men told the builders of the latest findings in this field and agreed to supply them at cost with blueprints embodying these findings.

This, the first such school ever held in the state, is a new plan grounded on the fact that the farmer about to build naturally seeks the aid of his local carpenter or lumber dealer. It gives the local builder complete information and supplies him with as many plans as he can use. The cost of these plans is only enough to cover duplication.

Allen-co carpenters and lumber dealers can meet the extension professors if they are interested in having them come here, County Agent H. J. Ridge said Tuesday.

GAS PROBLEM IS EXPLAINED

Representative of Company Tells Why Some Bills Are Higher

ONLY HALF ARE INCREASED

Commission Hears Factors Entering Into City's Fuel Supply

Denial that "everybody's gas bill has doubled" was entered before commission Monday night by P. L. Pringle, Lima Natural Gas Co. in his explanation, at call of commission, as to why some gas bills have increased.

There have been some increases, Pringle announced, due primarily to the cold weather during February and the change from natural to artificial gas.

Use of antiquated appliances and the general lack of knowledge in practicing conservation is held by gas officials for some increased gas bills.

Maximum increase of \$1 for 2,899 consumers shows on company books which were thrown open for inspection of commissioners, he said.

Contending that in cold weather a greater consumption of gas is necessary for cooking and heating purposes than in warm weather, gas officials reported that for February, 1924, out of 400 customers picked at random, 200 consumers used more gas, 194 showed less gas used and 6 burned the same amount with no increase or decrease.

A similar test made by the company for January and February of this year was reported to commission as 211 consumers using more gas and 163 consumers less gas in February than in January, and 14 consumers with no change.

PLENTY OF GAS

Manufactured gas or artificial gas supplied by the company from its \$150,000 plant afforded an almost unlimited supply of gas while other cities faced shortages of natural gas. Pringle stated in telling commissioners that the supply of natural gas is rapidly diminishing and artificial gas was substituted to give satisfactory service.

Charges that employees of Lima Natural Gas Co. bored out orifices to allow a greater flow of gas and increased bills for consumers were held by gas company officials as absurd, malicious and false in their entirety. The following reason was advanced for opening of orifices:

Openings are larger because natural gas has been used for years and to get combustion a larger hole is needed as it requires nine and one-half feet of air at the mixer to one cubic foot of natural gas while for combustion of artificial gas only four and one-half feet of air must be taken at the mixer for one cubic foot of gas.

"There is no excuse for any consumer in Lima to be without gas," Pringle said. "We are willing to make necessary adjustments in homes free of charge and after our men make the changes we reason that an unlimited supply of gas will be available."

As company officials were reluctant to throw themselves to open debate in commission chambers but promised to correct any complaints if entered at the office.

Commission accepted the report without comment and filed it for future reference without taking any action.

NEW METHOD HEALS RUPTURE

Kansas City Doctor's Discovery Makes Truss or Operation Unnecessary

KANSAS CITY, Mo. — (Special) — A new discovery which, experts agree, has no equal for curative effects in all rupture cases, is the latest accomplishment of Dr. Andrews, the well known Hernia specialist of this city. The extraordinary success of this new method proves that it takes only a few ounces. Has no hard gouging pads, no elastic belt, no leg straps, no steel bands, and is as comfortable as a light garment. It has enabled hundreds of persons to throw away trusses and declare their rupture absolutely healed. Many of these had serious double ruptures, from which they had suffered for years. It is Dr. Andrews' ambition to have every ruptured person enjoy the quick relief, comfort and healing power of his discovery, and he will send it on free trial to any reader of The News and Times-Democrat who writes him at his office, 7021-Koch Bldg., Kansas City, Mo. He wants one person in each neighborhood to whom he can refer. If you wish to be rid of rupture for good, without an operation, take advantage of the doctor's free offer. Write him today.

SPACE HELD INSUFFICIENT

Less Room Than That Provided Chickens Given Workers

Lima, N. Y., March 18.—(By United Press.)—The health officials at the minimum requirement for pupils in well-ventilated school.

Experts of the department of agriculture declare that chickens will not thrive and produce well unless each hen has at least sixteen square feet of space in which to work.

The working space available in the Lima postoffice includes that occupied by furniture and equipment, and is to be kept in a single, well-ventilated room and to be necessary for the free of all.

A black and white line drawing of a living room interior. The room is viewed from a slightly elevated perspective. A large, rectangular rug with a dense, floral or abstract pattern covers most of the floor. Against the left wall, there is a sofa with a curved back and armrests. On the wall above the sofa hangs a framed picture or painting. To the right of the sofa, a small table holds a lamp with a dark shade. In the background, a doorway or window with a frame is visible, leading to another area. The walls are simple, and the overall style is that of a mid-20th-century illustration.

WHEN WASHINGTON LIVED

PLANS are being made for a big national celebration, in 1932, of the two hundredth anniversary of George Washington's birth. If Washington could come to life and attend the celebration he'd look about and decide he was dreaming or on some strange planet.

Not much left that he'd recognize.

In 1732, when he was born, the stage coach trip between New York and Boston took two weeks, amazing speed for those days, with only one stage coach on the job.

In 1732 the first white inhabitants entered the valley of Virginia.

In 1732 Vincennes was founded, the first European settlement in Indiana. From England 120 immigrants sailed to settle in the new district, Georgia, held "in trust for the poor."

Nothing else of importance happened that year in America as the infant George Washington snuggled in his cradle.

The year 1799, when Washington died, was even duller than 1732—except for the excitement of watching our republic get slowly on its feet.

Slavery had become an issue, legislation for its gradual suppression being passed by New York state. Liberty was in the air. Only a year before, imprisonment for debt had been abolished, in regards to debts owed to the government.

A treaty between England and the United States had offended France. There had been no actual declaration of war, but French and American ships had conducted a small naval warfare in the waters around the West Indies. Vessels were captured and crews taken prisoner. This trouble was settled in 1799, peace coming after Napoleon offered fair terms.

The cost of running the national government in 1799 was only a trifle more than 11 million dollars. How many hours would that sum last now in Congress?

Washington closed his eyes forever, just as the young American republic was getting on its feet. The population of the whole country was less than five and a half millions. In his hours of most vivid imagination, he probably never dreamed that the republic which he fathered would ever be more powerful than one of the smaller European countries. Today that republic is more powerful and richer than the whole world was in Washington's lifetime.

SINGING CAMPAIGNS

SING, brothers, sing. The Associated Glee Clubs start a "systematic attempt to revive the interest of men in choral singing."

More power to them. Nothing buries axes and welds people together like a singing match. Patriotism, too, is at its best when the mob can burst into song.

Trouble is, so few songs are worth-while. Singing usually is an emotional debauch. On the other hand, that's pleasanter than setting to words and music such worthwhile subjects as the Einstein Theory, Reparation and Fourth Dimension.

If this were 1840, the whole country would be singing parodies about Teapot Dome.

OUR FIRE LOSS

UNCLE SAM'S 146 national forest reserves were visited by nearly 10 million people last year, it's announced. Eight million came in privately owned autos.

The auto is taking us back to nature. As we increasingly invade the forests and use them for playgrounds, let's remember that fire is the most formidable agency of forest destruction and prevention of reforestation.

Four-fifths of the big forest fires are started by people careless with campfires, matches, cigarets and other tobacco. Be cautious in the woods.

AMERICAN WEALTH

SO few of us fully appreciate the wealth and high standard of living in America, it's worth while to compare occasionally.

The British now have only one auto for every 43 inhabitants. In our country there's one auto for every seven people. Britain in the whole of 1923 manufactured only 65,000 autos. You have to multiply that figure by more than five to have American auto output for one month only, February, 1924.

Almost time for the weather man to get crazy with the heat.

They do things differently in Cuba, where a sport writer recently shot a baseball player.

GLYCERIN IN DOMESTIC MEDICINE

Glycerin is item number three in the medicine cupboard and this is lesson number five in the course I am giving here to mother, Aunt Amelia and sister Ellen in the proper use of home remedies and the application of first aid. In order to save myself embarrassment and certain readers disappointment, let me say again that I am telling these secrets here once and for all and that I can furnish no back copies to those who happen to tune in late nor can I give special private lessons to prospective practical nurses. We are giving these little lessons in right home treatment twice weekly.

Glycerin was one ingredient of the homely recipe for the all around remedy for coughs. A little warmed glycerin should be used to drop in the ear for anything which might tempt you to put oil in the ear. For acute earache an careful of quite warm glycerin covered with a hot water bag or hot salt bag is soothing, provided you do not put it in warmer than you like for your own ear. A drop or two of glycerin in the ear night and morning for a few days will soften up hardened or inspissated cerumen or wax so that it may be more easily removed by syringing, which, by the way, is the only safe way a layman can attempt to remove anything from the ear—never insert an implement of any kind in the ear, nor even your finger.

A famous lotion for rough, red or chapped skin, such as women suffer from housework, consists of a tablespoonful of glycerin, a tablespoonful of (sagebrush) shavings or chips (not powder), all boiled in a pint of rain water or distilled water until a clear thin jelly is formed. This may be scented with a few drops of oil of rosemary or other scent if desired. Rub a little upon the hands two or three times a day after washing the hands and before they are quite dry. Or a man may find it delightful as a lotion for use after shaving. Numerous expensive preparations are practically identical with this recipe only less so. A drop of glycerin on the back of the tongue will sometimes relieve an irritating cough. One spoonful of glycerin with three spoonfuls of rain water or rose water relieves and prevents

JUST FOLKS

—BY EDGAR A. GUEST—

LET FAME COME LAST
Let fame come last. There are so many things
More worth the winning than the pomp of fame.
A child's love, and the laughter of a game,
The satisfaction which a good deed brings,
A character where no dishonor clings,
A happy hearth fire and a spotless name,
The joys of friendship—who but these will claim,
Needs not to envy the renown of kings.

Seek not for fame, seek rather to be true,
Cherish the will to be of service here,
To give your best to what you find to do,
To make the most of every passing year.
Fear not the future, nor regret the past,
Think first of manhood and let fame come last

The sharpest jibe at movie producers from movie critics is the word "Hokum."

Unlike most producers who have earned the epithet in shame and silence, Rupert Hughes, well known author and director for Goldwyn Studios, thus defines and defends "Hokum."

"It is a word which has come to mean an appeal to the more simple and normal emotions by the direct use of familiar incident taken from real life and verified by unfeigned experience."

"In Zulucand they express love by expectation. They laugh when the Caucasian kisses his sweetheart, or when the silver-haired mother rebuffs her repentant peroxide-tinted son. This to them is ridiculous, but perhaps 'artistic.'"

"And were the Zulu cinematographer to show a dusky lord spitting in the face of his sweetheart, the nature critic would doubtless cry 'Hokum!'"

"Similarly, in high arctic circles the touching episode of an errand boyman staggering home with a slab of whale fat to lift the mortgage from the paternal igloo and rubbing noses with the forgiving mother is critically derided as 'Hokum,' meaning 'The same old blubber.'"

"Our own critics, being arctic at heart and Zulucand by pen, cannot endure 'Hokum.' But normally human beings love it."

"George Ade has written beautifully of 'Hokum' as a contemptuous term for all the emotions without which no one is really a decent human being, and for all the deeds, without which life would be more disgusting than it is."

"As a matter of fact, there is infinitely more consecration to high artistic ideals in motion pictures today than in drama, fiction, verse, sculpture, painting or music. But being the youngest son of the arts, every elder brother and his vintages peeks on the movie."

"In due time, what is today scoffed at as 'Hokum' will be classed as 'splendid conservatism.' And those poor derided early adapters of dramatic life to the screen will be reverently hailed as 'the old masters.'"

PUTNAM-CO AGAIN LEADS IN USE OF COOPERATIVES

OTTAWA — For the month of February Putnam-co again leads all other units of the commonwealth in the number of farmers using the cooperative channels and in total amount of live stock cooperatively shipped, according to figures announced by the Ohio farm bureau federation.

Livestock producers of Fayette, Wyandot, Hardin, Darke, Logan and Auglaize-coos were others who used the cooperative method heavily, figures show.

Totals reported from 44 counties show that more than 5,000 livestock producers used cooperative channels during February, sending a total of \$46,000 to market.

The market set value for the month was slightly below the average for a month for cooperative shipments during the past year. The average expense of getting the livestock to market, exclusive of shrinkage, was 48 cents.

MRS. MINER RETURNS

COLUMBUS GROVE — Mrs. Elizabeth Miner, who was called to Toledo on account of the illness of her sister, Mrs. George W. McBride, has returned. Mrs. McBride, who is somewhat improved, was able to accompany her for a stay. Mr. McBride came along with his wife. Before her marriage, Mrs. McBride was Miss Emma Trout.

Aby Jean is the name of the daughter born to Mr. and Mrs. Morris Thomas, 230 N. Jameson-av. Mrs. Thomas was Miss Geraldine Kah before her marriage.

MRS. JULIA SEGAFOSSE, 80, PUTNAM-CO PIONEER IS VICTIM OF PNEUMONIA

OTTAWA — Mrs. Julia Sigafosse, 80, pioneer resident of Putnam-co, died Monday at her home, following an illness of pneumonia and other complications resulting from a stroke of paralysis. Mrs. Sigafosse had resided for many years in the residence on Perry-st. where she died. She was the widow of John Sigafosse, who died eight years ago.

Mrs. Sigafosse was born in Putnam-co, at a point near the Riley Creek church, east of Ottawa. She saw her country as a wilderness and traced its progress until now it is one of the foremost agricultural communities in the state. Mrs. Sigafosse was a member of Ottawa's oldest and best families.

She is survived by five children, Mrs. Rena Korsh, of Mishawaka, Ind.; G. W. Sigafosse, of Sycamore; Mrs. Della Padgett, of Toledo; Clyde Sigafosse, of Portage and John Sigafosse, of Toledo.

Eleven grandchildren and 22 great-grandchildren trace their ancestry to Mrs. Sigafosse.

Funeral services will be held Wednesday at 2 p. m. at the residence. Interment will be in Harmon cemetery, near Gibson, beside the grave of her husband.

ART DISCUSSED AT MEETING OF CLUBS

Duty of the club women of this country to plan for the cultural development of the coming generation and give their children the best of art, music and sculpture, was stressed by Mrs. Mary Locke Hurin of Toledo, who spoke Monday afternoon at a joint meeting of the Delphian, Lotus, Woman's and Artistic clubs held at the home of Mrs. Henry S. Enck, W. Market-st. Mrs. Hurin believes that during the next generation, America, the richest of all countries, may enjoy a "Golden Era of Art," as did Greece with her sculpture and Italy with her painting.

Mrs. Hurin, whose subject was "Progress of Art in America," told of the various phases of art, when each started and the progress made by each. The Lima women were charmed with the afternoon's lecture and delighted with the personality and appearance of Mrs. Hurin.

Announcement was made at the meeting Monday by Mrs. Kent Hughes of the presentation of the statue, "Winged Victory," to the Public Library by the program committee for these joint meetings. The statue was purchased with surplus funds from last year's lecture course. Tea was served at five o'clock. Mrs. L. A. Larsen presided in the dining room and assisting were Mrs. Frank Bell, Mrs. S. W. Baker, Mrs. Charles D. Gamble, Mrs. N. D. Keys, Mrs. M. P. Colt, Mrs. W. S. Peirce and Mrs. O. B. Selfridge, all members of the Lotus club, the afternoon's hostesses.

Initial plans for the benefit bridge party to be given May 2 at the Elks' home were made at a meeting of the Delta Sigma society Monday evening with Mrs. Hope Hollister S. Pierce as guest. Mrs. William Allgire is the general chairman of the affair. Refreshments were served by the hostesses, following the business session, assisted by Miss Helen Hunter.

The society will meet in a fortnight with Miss Dorothy Kahle, W. Market-st.

Mrs. Effie M. Davis, S. Union-st., returned Monday from a several weeks stay in Sarasota, Fla.

SUSIE SMART'S ADVICE

Dear Miss Smart: Two girls, 14 years of age, and in the freshman class at school, are wondering the right age for that class. One is five feet, five inches tall and the other is five feet, eight inches. How much should they weigh? We both have light brown hair. One has grey eyes, the other has brown eyes. What color should we wear? How long should our dresses be? Are split skirts in style? Will suede skirts be worn this summer? What kind of heels are being worn? What kind of coats will be in style? How long will sports coats be? How long will blouses be worn all summer? Are the brims narrow?

Can you take a course in Lima Business College after taking one year high school?

Is Miss Leaning Tower still standing?

If one receives a wedding invitation to church, is a present required? If one receives an announcement of wedding, is a present required?

Do you think that St. John's High of Delphos has a good basketball team?

How is my writing for a left hander?

Do you think our questions are silly?

Is it right for a teacher to call pupils "Bolsheviks"? Is it right for a teacher to hit her pupils?

KIT AND KAT

I BELIEVE you a year younger than the average student in the Freshman class. Fifteen is usually the age when pupils enter high school.

The average height and weight of a girl 14 is five feet in height and 98 pounds in weight. The shorter of you should weigh about 15 pounds and the other, about 25 pounds.

Navy blue would be becoming for you, as well as tan, brown, light or dark green, rose; in fact, one year you can wear most any color well. Only avoid dark colors. The one with dark eyes may choose yellow, gold, rose pink, dark blue, olive green, brown or a variety of red. You should wear your dresses about 14 inches from the floor. No split skirts are not in style at this time. That is, "split" at the sides. Skirts are even at the sides in many of the coat dresses and suits.

Yes. The extremely high heeled shoes are being worn almost entirely for dress. For street and sport wear, the heels are shorter called "medium block." Three-fourths length top coats are being worn a great deal. Coats trimmed in summer furs are also very popular. They are almost all of them as long as one's dresses. Yes, the silk clothes are very smarting. Blouses have little or no trim.

Yes.

A wedding present is sent if invitation to the wedding is received. An announcement does not require a gift.

Yes. It's a proven fact, isn't it, that your high school has a team?

Very good, No.

How to care for Dull Hair

Just washing one's hair, without a difference in its appearance, is a little thing many women take for granted. It requires something more than soap and water to make it really beautiful. If you have a lustrous, bright, healthy hair, you must use Golden Gint Shampoo. It is a natural radiant beauty, a long lived brightness that is never washed out. It is a shampoo that is never washed out. It is a shampoo that is never washed out. It is a shampoo that is never washed out.

COUNCIL REJECTS BIDS ON BONDS

Action Taken Because Company Refused on Issue

DELPHOS — City council Monday night in special session, rejected all bids on the street paving bonds which total \$57,955,048.00 due to the refusal of bonds having a premium of \$1-675.50 by the Ryan-Bowman & Co., Toledo, Ohio.

The latter made the rejection on the grounds that G. A. Juegens, who represented the company, was unauthorized to bid on any bonds except they were semi-annual interest-paying Juegens had negotiated with the city to take care of all the bonds, but the company, upon learning that the bonds were bearing interest annually, rejected their bids.

At the regular meeting of the council, last Tuesday night, a resolution was passed awarding the bids to the Ryan-Bowman & Co., but Monday another resolution was passed repealing that action.

A resolution authorizing the Mayor and Auditor to sell the bonds by private sale was also passed. Bids will be received privately at the city building.

CONVOY WANTS TO SEE REGIONAL CHAMPS PLAY

DELPHOS — Manager of the Convoy basketball team, Fred H. Um, manager of the local team, is planning a game in the near future, and according to statements made by the latter it is probable that a contest will be scheduled.

A return game was also asked for, and whether or not the St. Johns officials will call a close of the season is not yet decided.

Convoy basketball fans seem particularly desirous of witnessing a game in the city which represented the city in the state tournament at Columbus. Three men of the St. Johns team will graduate this year. They are J. Mueller, R. Ricker and J. Um, manager.

JUNIOR PLAY FRIDAY

DELPHOS — A play to be given by the Junior club at the Delphos auditorium will be featured Friday night. About 10 students besides a chorus are included in the cast. Tickets are now on sale, and reserved seats may be obtained at the Rush confectionery Thursday with no extra charges. The senior class will also put on another play before commencement exercises.

Swamp-Root For Kidney Ailments

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands the test for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.

BEGIN HERE TODAY

Colonel Holles, soldier and adventurer, returns to England, his native land, with a story of his adventures in the East. His Grace of Buckingham has been told that the Duke of Wapping, and his wife, the Duchess, have been seen in the East. The Duke and his wife have been seen in the East. The Duke and his wife have been seen in the East.

NOW GO ON WITH THE STORY

The Duke pursued his lips and sadly shook his head, regarding his most faithful servant. "There's no French shipping and no ships bound for Wapping, and might be few ships of any kind. The port of London is as empty as Proctor's yonder. There's not a foreign ship'll put its nose into the harbor for fear of the infection."

IF LUGGED UP A HANDKERCHIEF THAT PLUNG A REEK OF GINGER ON THE AIR

The Duke heaved himself up as the Colonel entered. "So you're come at last, Randall!" was his astounding greeting. "On my life you've been away from me for a long time in answering my letter."

THE TANGLE

An Intimate Story of Innermost Emotions Revealed in Private Letters

LETTER FROM RUTH ELLING-TON TO LESLIE PRESCOTT

Altho I know, dear, that you are coming home Saturday, there are a few things I want you to know before you see Jack.

In the first place, if I were you, now that Karl is going to marry Alice, I would tell Jack all about the pearls. In the second place, I believe I would tell him you are a half owner in my business, and in the third place—well, on second thought I do not think I'll say anything about the third place, for that place is where only you and Jack can meet and you do not want a third person even to suggest the meeting.

Sometimes I think, Leslie, that the reason why married people are not happier is because they keep so much from each other. If one lives with another person all the time, if two people must be chained together even if those bonds be the bonds of matrimony, I believe they should either be absolute strangers, if that can be done, or the complete one that marriage is supposed to make of two people.

I had a long talk the other day with your husband, Leslie. I really like him very much, and I honestly believe if you two people would be perfectly honest with one another, you would be the happiest people on earth. Really and truly I do not think either of you has anything that matters much concealed. Jack has been an exemplary husband, has he not? But you go on thinking that the other is not as broad minded, as sympathetic or as understanding as you yourself are, and that's the trouble.

I'm glad you went to see Jack's mother. I knew you had only to go there to make the conquest of her. Leslie, I wonder if you know that all women like you. I do not believe you have the same attraction for all men, but when a man does proffer you his friendship I am sure he cares very much for you.

By the way, I have met your friend and Jack's secretary, Mrs. Atherton. When I first saw her I didn't think she was even good looking, but I have come to the conclusion that she has an odd personality perhaps more fascinating than good looks. She seems excessively frank, yet I have a feeling that she never tells anything she doesn't want to tell. That's the cleverest kind of a clever woman, Leslie.

I wish when you return you would give her a special invitation to come to your house some evening when you know Jack is going to be away, and I will drop in. She rather plagues my curiosity. Did you tell me you used to go to school together, and that she had had a great smoochup in her married life?

The other evening she was a member of a party at one of the restaurants, and I must say that with her gorgeous red hair bobbed and plastered down all over her head, and her simple little black sleeveless dress which showed arms of the peculiar whiteness that always goes with the skin of a red head, with her brown eyes sparkling with red-dish gleam, she was the most individual looking person in the room.

Jack, who was there with a party of men, evidently called the attention of his party to her, for before the evening was over the whole four men which made up Jack's party had joined the others around their table. Soon after they came, how-

NEW STOCKS AT NEW LOWS

Industrials Hardest Hit by Selling Pressure

WLS STUBBORNLY RESIST

Weakens Slightly, However, Under Bear Attacks

NEW YORK—(Associated Press)—Some slight gains were noted among the low-priced railroads and several of the oil shares at the opening of the stock market today, but elsewhere the tendency was mainly downward with several leading speculative issues eclipsing their low prices of the year, registered yesterday.

Substantial losses were established in a number of instances. Fisher Body losing 4 3/4 and Willys-Overland preferred, Consolidated Cigar, Vanadium Steel, Cosden preferred, and others. Burns Brothers 1 1/2 to 1 1/2, before the market began to move up vigorously under the impetus of short covering and heavy buying of railroad shares. General Electric sold 3 3/4 above yesterday's final figure. Chesapeake and Ohio, Missouri Pacific preferred, National Lead and Coca Cola one to two points and U. S. Steel, Kelly-Springfield and U. S. Sugar, all declined. Foreign exchanges opened irregular. After the initial burst of covering, short interests discovered they were only bidding stocks up against themselves and renewed selling pressure against the general list. A dozen industrial favorites were forced to new low levels of the year, including Studebaker, Willys-Overland preferred, Crucible Steel, Gulf States Steel and Brown Shoe, which declined one to four points. Railroad resistance, which had offered stubborn resistance to bear attacks, weakened slightly under fresh selling, despite the continued ease of money rates. Moving counter to the general trend, General Electric, American Metal, American Beet Sugar and Tobacco Products were conspicuous strong spots. Call money opened at 3 3/4 per cent and later dropped to 3 1/2 per cent.

GIRL PERMITTED TO TESTIFY

Details of Alleged Assault Are Related by Witness

Over strenuous objections of counsel for the defense, testimony of a 12-year-old girl, prosecutrix in the trial of George Washington Scott, 12, colored evangelist, was admitted to record in common pleas court Tuesday.

Attorneys for Scott, who is being tried on a statutory charge, sought to convince the court that the child is too young to comprehend the nature of an oath.

They also sought to show that she is not possessed of sufficient intelligence to know what the proceedings are about.

Questions were asked the girl to test her knowledge. She told where she lived, what school she attended and recited a number of verses from Longfellow's Hiawatha.

Prosecutor Lippincott challenged the girl's testimony, claiming she was too young to understand the nature of an oath.

George Rader, 677 N. Jackson, father of Eva, was the initial witness for the state. He testified that Scott was arrested Oct. 25, after he had summoned police, and Dr. W. H. Deery had examined the child.

Six women and six men will try the case. They are J. O. Cox, Alva Thomas, Otto Postath, Charles Smith, P. C. Herr, Harriet Postath, Leta Craig, Dora Long, Irene Cratty, Ruth Lels, E. J. Veasey, Mary Stonehill.

Scott is being tried for a second time. After being once found guilty he obtained a new trial.

PRICES OF WHEAT ON DECLINE

Improved Crop Prospects Chief Bearish Factor

EUROPEAN DEMAND LULLS

Corn Also on Down Move—Oats Hold Firm

CHICAGO — (Associated Press)—Improved prospects for winter wheat, especially in the west and southwest led to price setbacks in the wheat market today during the early dealings. There was a noticeable absence of aggressive buying and values gave way under scattered selling. An apparent lull in European demand for Canadian shipments tended further to weaken the market. Opening prices which varied from unchanged figures to 3-8c lower, with May 1.06 1/4 to 1.08 3/8 and July 1.07 1/8 to 1.07 1/4, were followed by moderate general decline.

Renewal of special selling was a depressing factor in the corn market after opening at 1-8c off to a shade advance, May 78 1/2 to 78 3/4. Corn underwent something of a drop all around.

Oats were relatively firm as a result of seedling delay. Starting unchanged, May 47 1/8 to 47 1/4, the market held within a narrow range. Provisions tended upward, responding to higher quotations on hogs.

'INDIAN LUCK' WINS \$20,000,000

Oil Lands of Wealthy Osage Tribe Under Hammer

PAWUSKA, Okla. — (United Press) — Oil men of the world gathered in a dingy theatre building Tuesday and paid \$20,000,000 tribute to "the blind luck" of the Osage Indian. Already the wealthiest per capita of the "original Americans" the Osage bankroll was further augmented by sale of oil interests to 103,000 acres of tribal lands. While most of the tiny theatre in which fortunes were juggled, scattering groups of poker faced Osages, some clad in picturesque tribal costumes, watched their fortunes swell unconcernedly.

Skirts 18 Inches From Floor, Decree

PARIS — (Associated Press)—Spring styles show a certain tendency to shorten the skirts in some cases to as much as eighteen inches from the floor. Generally, however, the garments fall to a point four or five inches above the ankles. It is the belief among Parisians that American women prefer shorter skirts and the American buyers have been kept busy warding off the attacks of both the anti and pro-short skirt forces, which have waged bitter warfare since the new styles came out.

Most of the models being taken back by American buyers are a sort of compromise, ten to twelve inches from the floor.

AGED MAN IS FIGHTING TO CLEAR FARM'S TITLE

Jacob Alster, 99, Patriarch of Monroe-rd., made what may be his fourth and last fight for his first side before a jury in common pleas court Tuesday.

This Concerns Every Child's Welfare

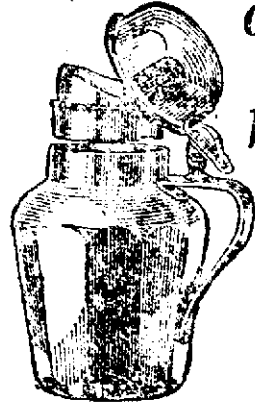

MOTHERS are just realizing the remarkable energy-producing value of Karo Syrup—and why it is such a wonderful food. It is because Karo contains a very large percentage of *Dextrose*, the great energy food—and is itself in a form to be most easily digested and absorbed into the system.

You could not live long without *Dextrose*. The starch and sugar in all the food you eat—bread, vegetables, potatoes—must be changed into *Dextrose* before your system

can use it as an energy food. Give your children plenty of rich nourishing Karo—because it not only supplies the demand for a "sweet" but is real energy food.

Let your grocer be your Children's Health Doctor—ask for Blue Label or Red Label Karo—both of equal nutrition.

FREE—A booklet about *Dextrose* every mother should read. Explains why children thrive on *Dextrose*. Sent free with beautifully illustrated 64 page Cook Book. Write

Buy 5 cans of Karo from your grocer, send labels to address above with 40c and you will receive the Syrup Pitcher by parcel post.

March's Changeable Weather
One may expect many changes in weather in March, and should be prepared for coughs and colds. The slight cold, if neglected, may develop into a serious illness. With the first sign of a cough or cold take FOLEY'S HONEY AND TAR COMPOUND, the old reliable family cough remedy, excellent for coughs, colds, hoarseness. John R. Lyons, Prescott, Arizona, states: "I had a bad cough, used FOLEY'S HONEY AND TAR COMPOUND and it relieved me in a little while." adv

Fellowship of Prayer

Early Lenten devotion and meditation. The Fellowship of Prayer is a group of men and women who meet for prayer and meditation.

Read Mt. 18:1-12. How think ye? If any man have a hundred sheep, and one of them be gone astray, doth he not leave the ninety and nine, and go into the mountains, and seek that which is gone astray?

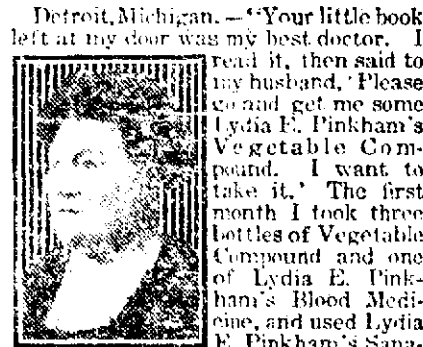

MEDITATION: The wonder power of the love of God has lifted men from lower stages of selfishness and self-indulgence to higher planes wherein some apprehend the "divine" perhaps the workings of his will in the lives of his children. God's love yet seeks to win our lives more fully, and then us to win the millions who know him not.

PERSONAL QUESTION: Am I grieving when another goes astray? PRAYER: We pray thee, Almighty God, that thy grace may rest upon our spirits. May we feel the impress of the love upon our lives. Let thy love enlighten our path as stars in the night. Abide thou with us, in Christ's name. Amen.

Health Much Better After Taking Lydia E. Pinkham's Vegetable Compound

Detroit, Michigan.—"Your little book left at my door was my best doctor. I read it, then said to my husband, 'Please go and get me some Lydia E. Pinkham's Vegetable Compound. I want to take it.' The first month I took three bottles of Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine, and used Lydia E. Pinkham's Sanative Wash. If you only knew how much better I feel. Now when my friends say they are sick I tell them to take Lydia E. Pinkham's medicines. I give the little book and your medicines the best of thanks."—Mrs. HAMERINK, 3765 14th Street, Detroit, Michigan.

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen, suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of fruitless study, that no one can be free from rheumatism until the accumulated impurities, commonly called acids and poisons, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally accomplished a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called *Alchemin*, to others who took it, with what might be called marvelous success. After years of urging he decided to let authors everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense *Alchemin* with the understanding that if the first bottle does not show the way to complete recovery he will gladly return your money without comment. Argonne Drug Store and Green's Public Drug Store can supply you.

Pile Sufferers

Can You Answer These Questions? Do you know why ointments do not give you quick and lasting relief? Why cutting and operations fail? Do you know the cause of piles is internal? That there is a stagnation of blood in the lower bowel? Do you know that there is a harmless internal tablet remedy discovered by Dr. Leonhardt and known as HEM-ROID, now sold by Hunter's Drug Stores and druggists generally, that is guaranteed? HEM-ROID banishes piles by removing the internal cause, by freeing blood circulation in the lower bowel. This simple home treatment has an almost unbelievable record for sure, safe and lasting relief to thousands of pile sick sufferers, and saves the needless pain and expense of an operation. There is no reason why it should not do the same for you, adv
